Dear Neighbour

ELECTRIFYING THE MIDLAND MAIN LINE

I am writing to let you know that as part of our continued programme to electrify the Midland Main Line, we are planning to carry out some early preparatory work in your area.

Our team will be carrying out Trial Hole works overnight in your area on the dates outlined below. We will be using hand tools such as strimmers and breakers to carry out this work.

- **22:00 Saturday 29 March to Sunday 27 April at 08:00**

This will be a moving work site, and we will not be outside your property the entire time.

I know that working close to your home overnight may cause disruption. Our team will try to minimise the amount of noise they cause as much as possible, and I want to apologise in advance if you are disturbed by the work.

For further information about our work which takes place on the railway please visit www.networkrail.co.uk/livingbytherailway. Alternatively, if you have any additional questions or concerns, please visit www.networkrail.co.uk or telephone our 24-hour National Helpline on 03457 11 41 41.

Would you prefer to receive this information by email? This service is free and will mean that you can receive notifications instantly. If you choose to sign up, you will no longer receive paper letters. If you would like to receive these notifications by email please either sign up at www.networkrail.co.uk/sign-up or scan the QR code at the bottom of this letter.

Yours faithfully,

Ann Shorthouse
